Companies Name

Dear Hiring Manager, please accept my attached resume as an application for the position of Software Developer that was advertised on your website on March 21, 2020. I consider myself an excellent candidate for the following reasons:

As a third-year student of the Computer Programmer Analyst at George Brown College, I have acquired thorough knowledge of almost all the programming language which are meant to be learn by a programmer. The program also required several group projects which further developed my communication skills both in the form of class representations and with team work.

During my working period as a team member with my school group, I have acquired knowledge and experience about customized software design and development independently by developing different customized application software. I also prepared course outline, budget and training manual. It provided me the knowledge of testing programs for errors and fix the faulty lines of computer code. My work as Web Developer with my team involved the technical and graphical aspects of a website- how the site works and how it looks. It provided me the skills of creativity and imagination. I also gained good interpersonal and communication skills.

I am particularly excited about the opportunity to begin my career with your company as I believe I am an excellent fit for the role, and your company's "commitment to excellence" is a value that I aspire to in all that I do. Thank you for your time and consideration, I look forward to an Interview with you. I can be contacted at (365) 773-6227 or at rajat.rajat@georgebrown.ca.

Sincerely,

Rajat Rajat
